

Watershed Ecology Institute (WEI)

***Sullivan County Complex
Unity, NH***

***July 16 - July 18, 2019
8:30 am to 5:00 pm***

Join the N.H. Fish and Game Watershed Education Program (WEP) and the Sullivan County Conservation District (SCCD) to explore the aquatic and terrestrial wonders of the Sullivan County lands in the beautiful Connecticut River valley.

Participants will:

- **Sample SCCD environmental resources and opportunities designed to help schools and teachers understand conservation of natural resources and agricultural lands through place-based ecology education (PBEE).**
- **Experience how SCCD utilizes public lands as outdoor classrooms and field study sites with access to 2100 acres of conservation land consisting of old farms, forests, fields, streams, wetlands, and mountain views.**
- **Learn how to use the NHF&G WEP protocols to**
 - **Collect water quality and macroinvertebrate data from a local stream**
 - **Study fish populations by electro-fishing with biologists**
 - **Study the local watershed and address the impact of climate change on brook trout populations**
 - **Use ArcGIS Online (AGO) technology in the classroom**
 - **To post, share and analyze watershed data**
 - **To design Story Maps to share outdoor adventures**
- **Learn AGO from other classroom teachers and natural resource & GIS specialists (NHedGIS team)**

Graduate credits or CEU's are available from Keene State College. If interested, contact Judy for the forms: judy.l.tumosa@wildlife.nh.gov
