

Let's Go Fishing Program Request Form

The Let's Go Fishing Program is part of the New Hampshire Fish & Game Department's Aquatic Resources Education. The program facilitates angler education classes that teach basic ecological concepts, introductory fishing skills, and new ways to enjoy the outdoors.

Classes are designed primarily for first time anglers, age eight and older. They range from four to twelve hours, depending on discipline, and are taught statewide, year round, by trained volunteer instructors.

Classes are offered for the following disciplines:

- *Basic Fishing
- *Ice Fishing
- *Fly Fishing
- *Fly Tying

Interested in setting up a program for your group or organizations?

On average, classes are scheduled 3 months in advance. So, the earlier you call to make a reservation the better.

- *Priority is given on a first come first serve basis.
- *No class will be scheduled with 30 or less days notice.
- *There is an 8 person minimum.

Each group, organization, or school is responsible for their own transportation to and from off site locations.

Please be aware that all programs are dependent upon volunteer instructor availability and subject to cancellation if no instructors are available.

To request a program for your adult organization or group, please complete the following program request form and mail to: NH Fish & Game Dept, Let's Go Fishing Program, 11 Hazen Drive, Concord, NH 03301; or email to aquatic-ed@wildlife.nh.gov.

All equipment and materials are provided. A fishing license is not required to participate, when fishing during designated fieldtrip hours.

For more information, call (603) 271-3212 weekdays 8:00 AM to 4:00 PM, or email aquatic-ed@wildlife.nh.gov.
