

HAVE YOU SEEN ME??

The Nongame & Endangered Species Program at the NH Fish & Game Department is interested in all reports of Marbled Salamanders. If you think you have observed one, please report your observation to Michael Marchand at

michael.marchand@wildlife.state.nh.us

or call 603-271-3016.

Thanks!!

We encourage photographs whenever possible but because marbled salamanders are state endangered they can't be possessed or harmed.
